

Thank you for choosing the Crackerteria to enjoy your food and drinks. All the money raised goes to the FWH Creations which is a registered charity Company Registration Number 8372074 based in the UK www.fwhcreations.biz.

The charity funds the training and education for vulnerable and marginalised women, who are excluded from their communities. The tailoring training is vital for them as they are gaining skills that will allow them to earn respect and money in their culture. They are brought up in an environment where they face gender discrimination, racism and economic inequality and at risk of being trafficked. Along with the tailoring training they have computer and English lessons, enabling them to be self-sufficient and equipped in the work place.

We are supporting the tailoring training in Jacobs Well, Nepal and Nagaland, NE India.

Jacobswell, Bangalore.

Developing links in Nagaland

Successful tailoring training
In Kathmandu!
The women are now using industrial
machines and have orders and opened
their own local shop.
